Sensei Luke Grgurevic training session

A great night was had by all at Corio Dojo to remember and pay tribute to Sensei Luke Grgurevic.
It has been 20yrs since Luke's passing and the dojo was steaming with around 60 students and instructors sweating it out. (including 17 black belts).
What a fantastic night - I'm sure all would agree.
Although many students didn't know Sensei the theme was about the legacy Luke left at Corio Dojo.
Many stories were told, giving insight to an awesome instructor and a fun man to be around.
We capped the night off with some refreshing beverages and a long awaited catch up.
Thanks to Shihancho for taking a great class, I was certainly proud to be a part of it.
My sincere thanks to all who attended and apologies given.
Special mention to those that travelled from Adelaide, Melbourne and far regional Victoria
What a great effort
Regards
Shihan Scott… Osu
