

Launceston Training Saturday 16th March

I travelled down to Launceston for a training session and it was so pleasing to see 7 Tasmanian Black Belts as well as 7 Green & Brown belts attending.

It clearly showed the progress Tasmania is making and the technical standard is very good.

We trained for 2 hours and then did a non contact judge course for the Dan grades.

I also had the pleasure of presenting Sempai Andrew Goodwin with his Nidan certificate and belt.

It was a very enjoyable day and well worth the trip if anyone else is interested next time.
