

Lower Gradings.

The Month of May saw gradings held in Portland and Geelong with a total of 54 students put through their paces. It was very pleasing to see the spread of ages and grades with some young and some not so young as well as a great variety of grades. That shows us that we have a progression and this is a very good thing. Congratulations to Austin Perrot from the Bellarine Dojo for achieving his 4th Kyu. This is always a milestone in a students career and he did a very good job in a tough grading.
